

## Ring Power Crane now offers OSHA-required Annual Crane & Third Party Inspections on all makes and models of mobile and lattice cranes!

Continuing education and training in OSHA and ANSI/AMSE regulations qualifies Ring Power Crane personnel to perform inspections on a wide range of crane types, including mobile hydraulic cranes, lattice cranes, small utility service body cranes, boom trucks, carry deck cranes, barge mounted cranes, articulating boom trucks, all terrain cranes, crawler cranes, and locomotive type cranes.

- Skilled, trained inspectors certified by the Crane Institute of America
- Responsive, complete, on-site inspections in compliance with all applicable safety standards set forth by OSHA 1926.550, 1910.180, PCSA#2 and ANSI B30.5
- Detailed inspection reports upon completion

For more information about OSHA & Third Party inspection requirements and Ring Power Crane's accreditation, one of our Mobile Crane Inspectors will be happy to meet with you and discuss your needs.
